Sender Policy Framework

A host's Sender Policy Framework (SPF) describes who can send mail on its behalf. This is done by publishing an SPF record containing a series of [rules](#). Each rule consists of a qualifier followed by a specification of which domains to apply this qualifier to. For more information please see [openspf.org](#).

Warning: It appears that this host does not have an SPF record. Setting up an SPF record helps prevent the delivery of forged emails from your domain.

DMARC

DMARC (Domain-based Message Authentication, Reporting and Conformance) is a mechanism for domain owners to indicate how mail purporting to originate from their domain should be authenticated. It builds on SPF and DKIM, providing a method to set policy and to give reporting of failures. For more information please see [dmarc.org](#).

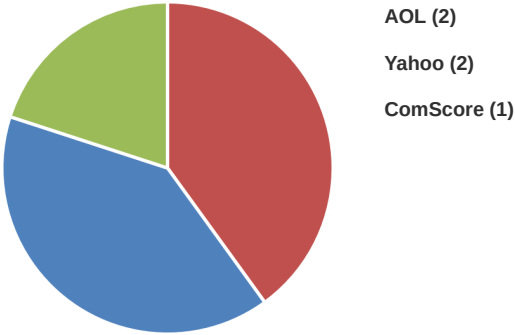

This host does not have a DMARC record.

Web Trackers

Web Trackers are third-party resources loaded onto a webpage. Trackable resources include social sharing widgets, javascript files, and images. These trackers can be used to monitor individual user behaviour across the web. Data derived from these trackers are primarily used for advertising or analytics purposes.

5 known trackers were identified.

Site Technology

Fetchd on 13th July 2019

Cloud & PaaS

Cloud computing is the use of computing resources (hardware and software) that are delivered as a service over a network (typically the Internet). Platform as a service (PaaS) is a category of cloud computing services that provide a computing platform and a solution stack as a service.

Technology	Description	Popular sites using this technology
Amazon Web Services - S3	Cloud storage service (Simple Storage Service)	proxy.strossle.it, assets.bounceexchange.com, s.salecycle.com

Server-Side

Includes all the main technologies that Netcraft detects as running on the server such as PHP.

Technology	Description	Popular sites using this technology
SSL	A cryptographic protocol providing communication security over the Internet	kayakoreport.hostasaurus.com

Client-Side

Includes all the main technologies that run on the browser (such as JavaScript and Adobe Flash).

Technology	Description	Popular sites using this technology
Asynchronous Javascript	No description	www.zerohedge.com , aws.amazon.com , login.aliexpress.com
JavaScript	Widely-supported programming language commonly used to power client-side dynamic content on websites	vdms-ssl.cedexis-test.com

Client-Side Scripting Frameworks

Frameworks or libraries allow for easier development of applications by providing an Application Program Interface (API) or a methodology to follow whilst developing.

Technology	Description	Popular sites using this technology
Google Hosted Libraries	Google API to retrieve JavaScript libraries	www.walmart.com , www.w3schools.com , www.bankofamerica.com
AJAX	No description	www.capitalone.com , www.icloud.com , mail.google.com
Yahoo! User Interface Library	Open-source JavaScript and CSS library	www.forosdelweb.com , www.webhostingtalk.com , www.nittaya.de

Search

A web search engine is a software that is designed to search for information on the World Wide Web or on a specific site.

Technology	Description	Popular sites using this technology
Custom Search Engine	Google Custom Search Engine	www.ecosia.org , www.researchgate.net , www.zhihu.com

Character Encoding

A character encoding system consists of a code that pairs each character from a given repertoire with something else such as a bit pattern, sequence of natural numbers, octets, or electrical pulses in order to facilitate the transmission of data (generally numbers or text) through telecommunication networks or for data storage.

Technology	Description	Popular sites using this technology
UTF8	UCS Transformation Format 8 bit	gmail.com

HTTP Compression

HTTP compression is a capability that can be built into web servers and web clients to make better use of available bandwidth, and provide greater transmission speeds between both.

Technology	Description	Popular sites using this technology
Gzip Content Encoding	Gzip HTTP Compression protocol	www.offensive-security.com , www.programme-tv.net , www.instructables.com

Web Browser Targeting

Web browser targeting enables software applications to make use of specific functions of the browser as well as optimizing the application for specific browser versions.

Technology	Description	Popular sites using this technology
Expect Certificate Transparency Header 	Enforce Certificate Transparency requirements	www.coinbase.com , www.tumblr.com , www.kraken.com
Strict Transport Security 	Web security policy mechanism whereby a web server declares that complying user agents are to interact with it using only secure HTTP connections	www.amazon.co.uk , www.facebook.com , outlook.live.com
Expect Certificate Transparency Report Header 	Report the use of misissued certificates for a site	pro.coinbase.com , bitcointalk.org , login.salesforce.com
Content Security Policy 	Detect and mitigate attacks in the browser	lastpass.com , discordapp.com , dtm.advertising.com
Document Compatibility Mode 	A meta-tag used in Internet Explorer 8 to enable compatibility mode	outlook.office365.com , yandex.ru , docs.microsoft.com
X-XSS-Protection Reporting 	Cross-site scripting attempts are reported	www.netflix.com , www.twitter.com , accounts.shopify.com
X-Content-Type-Options 	Browser MIME type sniffing is disabled	www.googleadservices.com , accounts.google.com , secure-assets.rubiconproject.com
X-Frame-Options Same Origin	Do not allow this site to be rendered within an iframe	www.google.com , paragon-na.amazon.com
Referrer Policy 	Restrict referrer information included in subsequent requests	www.binance.com , tr.snapchat.com , mail.protonmail.com
Content Security Policy Report 	Detect, mitigate and report attacks in the browser	instagram.com

Privacy Management

Privacy policy is a statement or a legal document (privacy law) that discloses some or all of the ways a party gathers, uses, discloses and manages a customer or client's data.

Technology	Description	Popular sites using this technology
P3P 	Platform for Privacy Preferences Project allows websites to express their privacy practices	ads.pubmatic.com , smile.amazon.com , static.olark.com

Doctype

A Document Type Declaration, or DOCTYPE, is an instruction that associates a particular SGML or XML document (for example, a webpage) with a Document Type Definition (DTD).

Technology	Description	Popular sites using this technology
------------	-------------	-------------------------------------

Technology	Description	Popular sites using this technology
HTML5 	Latest revision of the HTML standard, the main markup language on the web	

CSS Usage

Cascading Style Sheets (CSS) is a style sheet language used for describing the presentation semantics (the look and formatting) of a document written in a markup language (such as XHTML).

Technology	Description	Popular sites using this technology
External 	Styles defined within an external CSS file	www.msn.com , www.linkedin.com , www.bitmex.com
